RESPONSIBLE OCEAN CITIZENS: The Ocean Basket philosophy

Responsible Ocean Citizens: We work alongside WWF-SASSI to embed seafood sustainability in our business and support responsibly managed fisheries and farms.

Images are for visual reference. Seafood is a live product; each one unique. The raw weight of products remains the same across size and shape although the number of pieces may vary. Changes are managed by food safety regulations.

We try to remove all bones from fish, but small ones may remain. A variety of seasonal vegetables and fruit are used in side dishes and garnishing; replacements are based on seasonality. Allergens: Some menu items may contain/come into contact with honey, seeds/nuts or nut derivatives.
