The Event

A happy 40th of major history for the Nedbank Golf Challenge

The 40th edition of the Nedbank Golf Challenge marks another major milestone in the history of "Africa's Major".

Off the back markers the course measures over 7 000 metres which makes it one of the longest in the world. But a variety of tees make it possible to shorten the course and render playable for all levels of golfers. A distinguishing feature of the course is its green's complexes, with strategically placed bunkers, swales and mounds that protect the super slick clover shaped greens. With pristine perfect kikuyu fairways and excellent bent grass greens the course is kept in perfect condition all year round.

The 40th Edition of the Nedbank Golf Challenge marks another milestone in the history of "Africa's Major". The Nedbank Golf Challenge is one of the highlights of the South African sporting calendar. In a 40 year history, the event has featured the biggest names in world golf. With 64 players, playing over 4 days, for a purse of \$6 million. The tournament takes place from the 10-13 November 2022 and forms part of the DP World Tour.
