18. Any winning combinations struck on a slot machine whilst it is in tournament mode will not be paid out as casino winnings.
19. A score is the amount of game credits accumulated from combinations struck whilst playing the tournament game that will be enabled via the gaming system on dedicated slot machines.
20. A particular heat may be suspended and all scores (credits won during tournament mode) for that heat voided in the event that a slot machine or system malfunction makes play impossible or hinders play. The respective heat will be replayed, or the tournament director may permit affected Participants to play their session again after the heat is completed, and their score will be ranked accordingly with the remaining Participants of that heat. Management reserves the right to postpone the tournament or heat if necessary.
21. The number of heats in the various tournament stages will be dependent on the number of slot machines being utilised and is subject to change without prior notice.
22. Participation must be in person and seats are not transferable. Participants must be present at least 15 minutes before the actual start of the heat, semi-final or final where the game rules and relevant protocols will be explained in addition to the written game/tournament rules and protocols. Should any of the afore-going parties be lenient in applying these rules, it does not mean that they have waived any of their rights.

31. All disputes during the Tournament shall be referred to the respective Tournament Directors for resolution. The decision of the Tournament Director concerned will be final and binding and no further correspondence will be entered into.
